Chanel

This chic lipstick could be worn to the office and then out for dinner, too. In rich, creamy Fantastic Plum, it works well on most skin tones, and the inclusion of vitamin E and camomile soothes and moisturises lips, too.

Bobbi Brown

If you prefer make-up that enhances your features rather than transforms them, try this sheer lip colour called Nectar. With its hint of peach and touch of shimmer, it will illuminate your face.

Lancôme

Fiery red lipstick can be difficult to wear, as it tends to highlight imperfections.

However, its allure cannot be denied, so it is worth spending some time choosing the right shade for you - Lancôme's Shade 1 is a great allrounder.

Estée Lauder

This brand has always been associated with a certain kind of glamour, and this berry-scented, creamy lipstick doesn't disappoint.

The heavy gold container and rich Tender Rose shade are luxurious, but won't bust the budget.

The Body Shop

Shade 21 is a warm rusty orange that's a great everyday colour for autumn, and the lightweight, bullet-shaped container is just the right size to slip into your purse. The price is pretty appealing, too.
